#### **Chapter 24. Business**

##### **Article 1. - Tourism Zone**

##### **Section 24-1. - Statement of Purpose.**

The Virginia Code authorizes Virginia localities to establish, by ordinance, one or more tourism zones for the purpose of granting tax incentives and providing regulatory flexibility to qualified businesses.

The purpose of the Tourism Zone is to promote Dinwiddie County's tourism industry by providing incentives to eligible business entities that will attract visitors, create new employment opportunities and/or promote educational opportunities while increasing travel-related revenue within the county.

##### **Section 24-2. - Definitions.**

For the purpose of this article, the following words and phrases shall have the meanings ascribed to them by this section, unless clearly indicated to the contrary:

*Agricultural tourism.* Means the practice of visiting an agribusiness, horticultural, or agricultural activity, including, but not limited to, a farm, orchard, winery, greenhouse, a companion animal or livestock show, for the purpose of recreation, education, or active involvement in the operation, other than as an owner, contractor or employee of the activity.

*Agritourism business.* Any business that allows members of the general public, for recreational, entertainment, or educational purposes, to view or enjoy rural activities, including farming, wineries, ranching, historical,

cultural, harvest-your-own activities, natural activities and attractions, or other purposes of agricultural tourism, whether or not the agritourism participant paid to participate in the activity.

*Base year.* The calendar year preceding the calendar year in which the applicant submits the Tourism Zone Program Application to Office of Economic Development.

*Business.* Any corporation, partnership, electing small business (subchapter S) corporation, limited-liability company or sole proprietorship authorized to conduct business in the Commonwealth and subject to the state income tax on net corporate rate income (section 58.1-400, et seq. of the Virginia Code). *Capital investment.* Money used by a tourism business to purchase fixed assets and not money used for day-to-day operating expenses.

Section 24-3. - Boundaries of the Dinwiddie County Tourism Zone.

#### **Section 24-4. - Administration.**

The tourism zone shall be administered by the tourism zone administrator. A tourism business seeking to obtain the benefits of the tourism zone shall hold preliminary discussions with the tourism zone administrator prior to any investment, resulting in a letter form the tourism business describing the project and submittal of a completed tourism zone program qualification application. The form of the tourism zone program qualification application shall be developed by the tourism zone administrator.

The tourism zone administrator shall perform the initial review of the project to determine if the project meets the required criteria for certification as a qualified tourism business. If the initial review indicates that the certification requirements are met, the tourism zone administrator will forward the tourism zone program qualification application and a recommendation to the county administrator. The county administrator, acting as designee of the board of supervisors, shall review the tourism zone program qualification application and, in consultation with the county attorney, make a final determination as to whether the business meets the requirements of this article for designation as a qualified tourism business.

Prior to being designated a qualifying tourism business pursuant to this article, a qualifying tourism business shall execute an agreement with the county outlining the obligations of the qualifying tourism business and agreeing to return to the county the cash value of all benefits received pursuant to this article if the tourism business fails to continue to meet all qualifications for incentives pursuant to this article.

After a business has been designated a qualifying tourism business pursuant to this article, the qualifying tourism business must annually submit a tourism zone program annual review application in order to confirm

compliance with the capital investment and employment requirements of this article to the tourism zone administrator. The form of the tourism zone program annual review application shall be developed by the tourism zone administrator. The tourism zone program annual review application shall be filed for each of the five years following the base year on or before March 1 of the following year.**Section 24-5. - Qualification for incentives.**

For a tourism business to be a qualified tourism business eligible to receive the benefit of tourism zone incentives, it must be located within the boundaries of the tourism zone and meet the following criteria:

- a) **New Tourism Business:** To be eligible for tourism zone incentives a new tourism business must:
  - (1) Create and maintain in Dinwiddie County a minimum of five new full time equivalent jobs which are each compensated at 1½ times the wage rate of the currently-defined federal minimum wage. Such jobs shall be created by January 1 of the calendar year beginning four years after the beginning of the base year and maintained for at least thirty six (36) months.
  - (2) Make a new verified capital investment of no less than \$250,000.00 in a building, building improvements, and/or in machinery and tools.   - (1) Create and maintain in Dinwiddie County a minimum of three new full time equivalent jobs which are each compensated at 1½ times the wage rate of the currently-defined federal minimum wage. Such jobs shall be created by January 1 of the calendar year beginning four years after the beginning of the base year and maintained for at least thirty six (36) months.
  - (2) Make a new verified capital investment of no less than \$100,000.00 in a building, building improvements, and/or in machinery and tools. A capital investment does not include the cost to acquire real property. Such capital investment shall be created by the calendar year beginning four years after the beginning of the base year.

Tourism businesses must meet and maintain the minimum qualifying employment and investment levels as set forth above. The qualified tourism business must commit to a performance based agreement guaranteeing certain investments, employment, or other criteria as determined by the county. In any areas designated by multiple incentive zones, a business may receive local incentives from only one.

The following limitations apply:

- a) An existing tourism business shall not qualify for tourism zone incentives by reorganizing or changing its form in a manner that does not alter the basis of the tourism business assets or result in a taxable event.
- b) If a qualified tourism business fails to pay in full any taxes imposed by the county by the due date, this may result in the forfeiture of the tourism zone incentives for that year.
- c) In the event that a qualified tourism business ceases to meet the minimum capital investment or employment criteria or removes itself from operation from within the county at any time within five years of the end of the base year, it shall be required to repay the total amount of the tourism zone incentives received.
- d) If a qualified tourism business leaves the county to conduct business in another location within five years of the end of the base year, it will be required to repay the county the total amount of tourism zone incentives received.

Section 24-7. Zoning ordinance not affected. This article is an economic development incentive and is not a zoning change. Other than the development review fee waiver incentive provided herein, nothing herein shall be construed to affect any provision or requirement of any county zoning ordinance.

#### **Section 24-8. Nonwaiver.**

Nothing in this article shall be construed to waive the requirement of any ordinance, regulation or policy of the county including, but not limited to, those ordinances, regulations and policies that require permits and approvals for land use and construction. Additionally, nothing in this article shall be construed as waiving the

right of the county to enforce its ordinances, regulations or policies to collect any taxes, fees (other than development review fees), fines, penalties, or interest imposed by law on a qualified tourism business or upon real or personal property owned or leased by a qualified tourism business. The county administrator, acting as designee of the board of supervisors, in consultation with the county attorney may remove qualified tourism business status from any business that is not compliant with any article, regulation, policy or other legal requirement.

**Section 24-9. - Construction and severability.**

This article shall be liberally construed so as to effectuate the purposes hereof. If any clause, sentence, paragraph, section or subsection of this article shall be adjudged by any court of competent jurisdiction to be invalid for any reason, including a declaration that is contrary to the constitution of the Commonwealth or of the United States, or if the application thereof to any government agency, person or circumstance is held invalid, such judgment or holding shall be confined in its operation to the clause, sentence, paragraph, section or subsection hereof, or the specific application hereof, directly involved in the controversy in which the judgment or holding shall have been rendered or made and shall not in any way affect the validity of any other clause, sentence, paragraph, section or subsection hereof, or affect the validity of the application thereof to any other government agency, person or circumstance.

**Section 24-10. - Sunset provision**

The benefits provided under this article shall expire on [March 20, 2028, unless such expiration date is adjusted by ordinance by the Board of Supervisors of Dinwiddie County, Virginia]. Notwithstanding the foregoing, any obligations to the County acquired pursuant to this article shall remain in effect until such obligations are fulfilled.

*(2) That such changes take effect immediately, and for the purposes of avoiding doubt, no fee paid prior to March 20, 2018 shall be refunded pursuant to this ordinance.*

The Board gave consensus to hold a public hearing on this ordinance at the March Regular Meeting.
