IN RE: OFFICE ON YOUTH AND COMMUNITY SERVICES -- 1989 BUDGET
REQUEST

Mrs. Diane Galbreath, Director, and Mr. Charles Hawkins, Chairman, Office on Youth and Community Services, appeared before the Board to discuss their 1988-89 budget request.

Under the Delinquency Prevention and Youth Development Act, through the Department of Corrections, the Office on Youth and Community Services obtains funding for its programs. The program requires a 25% local match. Since its inception, the Commission has relied on the fees from recreation programs, such as karate, gymnastics, aerobics, etc., to meet the 25% local match requirement.

Since the County has hired a full-time Recreation Director, those recreation activities have been taken over by that department. Mrs. Galbreath requests, therefore, that the County provide the \$7,600 local match.

Mr. Robertson asked if the Office on Youth and Community Services in other localities is a part of the School Boards budget. Mrs. Galbreath stated Dinwiddie is the only one she knew of and that was because she requested it be included within the school system since the programs are for the youth in the County.

The Board advised Mrs. Galbreath they would take her request into consideration during their budget deliberations.

IN RE: DISCUSSION OF LOCAL LICENSE TAX

Mrs. Deborah Marston, Commissioner of Revenue, presented information from other localities on a local license tax for the County. In 1987, the County had over \$84,000,000 in gross receipts from businesses located in the County. With an average tax of 19 cents to 25 cents, the Commissioner estimated it would generate from \$160,000 to \$210,000 in income.

The estimated expense of administering the tax is \$10,000 to \$15,000. The Commissioner explained this would include a part-time employee to police the program.

After a brief discussion, the Board asked the Commissioner of Revenue to work with the County Attorney to prepare a draft ordinance for their consideration and suggested tax rates for each classification of business as provided by law.

IN RE: BFI WASTE SYSTEMS -- REQUEST TO USE COUNTY LANDFILL FOR
FLY ASH DISPOSAL

Wendy W. Quesenberry, Interim County Administrator, stated that she had received a request from BFI Waste Systems to dispose of fly ash from Central State Hospital. In the past, they had used the Landfill in Prince George.

Mrs. Quesenberry stated she had asked the Department of Waste Management to analyze the fly ash to determine if it could be placed in the County's Landfill. The Department of Waste Management has determined the fly ash is non-hazardous and would be appropriate for disposal in the Landfill.

Mrs. Quesenberry stated she had quoted BFI a price of \$125/load on a 90 day trial basis.

The Board members agreed to the use of the Landfill as long as the charge was comparable to the surrounding areas.

IN RE: BFI WASTE SYSTEMS -- REQUEST TO USE LANDFILL FOR TRASH COLLECTION IN NORTHERN END

Wendy Quesenberry, Interim County Administrator, stated the Director of Sanitation has received a request from BFI Waste System to dispose of trash in the County Landfill System that they collect in the Northern end of the County.

The projected load would be a twenty yard truck, approximately once a week. At present, there is no charge for County residents to use the Landfill.

The Board agreed to the disposal of trash from Dinwiddie County, as long as the fees collected are comparable to the surrounding area.

IN RE: DINWIDDIE BUS GARAGE -- REQUEST FOR SURPLUS CARS

The Board received a request from Mr. George Soloe, Superintendent of Maintenance and Transportation, to use five surplus vehicles turned in by the Dinwiddie County Sheriff's Department. In return, he listed five School Board vehicles that will be taken out of service. The vehicles requested will be used to transport Work Study and Special Education Students.

Upon motion of Mr. Harrison, seconded by Mr. Moody, Mr. Bracey, Mr. Clay, Mr. Harrison, Mr. Moody, Mr. Robertson voting "aye",
