Dear Citizens and Friends of Dinwiddie County,

As I begin my fourteenth year on the Board of Supervisors and third term as Chairman, I want to first express my heartfelt gratitude to the citizens of District 4 for your continued support and trust in my ability to represent you. I also extend my appreciation to my fellow Board members for their confidence in my leadership and for granting me the honor of serving as Chairman once again.

Dinwiddie County has been my home for my entire life, and I can say with certainty—there is no better place to live, work, and raise a family. We are truly blessed with a diverse and beautiful landscape, from our rich farmland to the shores of Lake Chesdin, to our growing industrial park and thriving local businesses. As Chairman in 2025, I will continue working to enhance the beauty of our county by reengaging our Beautification Committee. Together, we can ensure that our roadways, neighborhoods, and public spaces reflect the pride we all share in calling Dinwiddie home.

Supporting our families and investing in our future remain top priorities. Our school division plays a vital role in shaping the next generation, and I am committed to ensuring our schools receive the resources they need to provide a top-tier education for our students. By fostering strong partnerships between our local government, school leaders, and the community, we can continue to create opportunities that benefit not only our children but all families in Dinwiddie.

As Chairman, I also encourage a greater level of participation in the county's budget process. While budget season may not be the most exciting time of year, it is one of the most important. Crafting a budget that meets our county's current needs while allowing for growth in key areas—such as education, infrastructure, and public safety—is essential to our success. I encourage all citizens to be involved, attend meetings, and share your voices as we work to ensure Dinwiddie County remains a place we are all proud to call home.

Dinwiddie County is on the map! Our facilities and programs have received state and national recognition, we continue to be a model for financial management and government transparency, and we take great pride in fostering a strong sense of community. I look forward to working alongside each of you in the year ahead to build upon our successes and create even more opportunities for our citizens.

Thank you for your continued support and dedication to this incredible place we call home.

Sincerely,
Dan Lee
Chairman, Board of Supervisors
