## FOREWARD

Dinwiddie County, Virginia, was formed in 1752 from Prince George County, Virginia. All of the early Courthouse records were lost during the Civil War. However, the Grants, Patents and Land Tax Records, copies of which were kept by the Commonwealth of Virginia, are preserved in the Virginia State Library. The Grant and Patents were copied at the Virginia State Library and a very extensive study was made of Films J. R. 3390 and J. R. 3396, for this volume.
