This statement of special inspections is submitted as a condition for permit issuance in accordance with Sect. 1704 of the current edition of the Virginia Uniform Statewide Building Code. It includes a Schedule of Special Inspections, the name of the Special Inspector, and the identity of other testing laboratories or agencies intended to be retained for conducting inspections.

The Special Inspector shall keep records of all inspections and shall furnish inspection reports to the Code Official and to the Structural Engineer and Architect of Record. Discrepancies shall be brought to the immediate attention of the Contractor for correction. If not corrected, it shall be brought to the attention of the Code Official and the Structural Engineer of Record. Interim reports shall be submitted to the Code Official and the Structural Engineer and Architect at least WEEKLY, unless more frequent submissions are requested by the Code Official. A copy of this entire completed form must be furnished to the General Contractor, who is responsible for the timely requesting of inspections from both Special Inspectors and County Inspectors.

NOTE TO GENERAL CONTRACTOR: These 3rd Party Special Inspections DO NOT substitute for the normal inspections by Dinwiddie County Inspectors. Both must be called for all critical inspections.

FINAL REPORT OF SPECIAL INSPECTIONS

Permit Number _____

Project _____

Location _____

Special Inspections Engineer of Record _____

The following discrepancies identified in the last interim report dated _____ have been corrected.

Inspection reports numbered ____ to ____, and testing reports numbered ____ to ____, submitted prior to this final report form a basis for and are to be considered an integral part of this final report.

To the best of my information, knowledge and belief, the special inspections specified for this project, itemized in the Statement of Special Inspections submitted for permit, have been completed. In my professional opinion, the observed building elements subject to special inspections have been found to be in compliance with County approved documents and project specifications.

Respectfully submitted
