Grand Opening Scheduled for County Government Center

DINWIDDIE, VA – The Dinwiddie County Board of Supervisors will host a Grand Opening celebration of the County's new Government Center on Thursday, January 17, 2019 from 3-5 pm. The date was changed following unanticipated, weather-related delays.

Citizens, County leaders, elected officials and dignitaries from across the region are invited to the event which will include self-guided tours of the building and light refreshments.

County Administrator, Kevin Massengill stated "As excited as we are to introduce this facility to the public, we are even more excited about the enhanced efficiencies that will result. With the opening of this building, Dinwiddie County citizens will have the ability to conduct the majority of County business in one location."

Massengill stressed "Out of consideration for citizens, County offices will remain open during the move. The Pamplin Administration Building will close at noon on Friday, December 28th, however individual offices will be open in the new facility."

In addition to County Administration, the Government Center will house the Treasurer's Office, Commissioner of the Revenue, Children's Services, Social Services and the Health Department.

Offices will open for business in the new location on Wednesday, January 2, 2019. The Dinwiddie County Government Center is located at 14010 Boydton Plank Road, Dinwiddie.
