

Entertainment & Public Amusement Requirements

Post signage at the entrance that states that no one with a fever or symptoms of COVID-19, or known exposure to a COVID-19 case in their prior 14 days, is permitted in the establishment. Provide a copy.

Post signage to provide public health reminders regarding physical distancing, gatherings, options for high risk individuals, and staying home if sick (samples at bottom of this document). Provide a copy.

Occupancy cannot exceed the lesser of 50% of the lowest occupancy load on the certificate of occupancy, if applicable, or 1000 patrons. Identify how count will be monitored.

All private bookings are limited to no more than 250 people. Identify how count will be monitored.

Ten (10) feet of physical distance must be maintained between all performers, participants, and patrons who are not members of the same household. This is required for concerts. Show how 10 ft. areas are separated on flow plan.

All shared items must be cleaned and disinfected between uses.

Remove or deactivate all shared objects and interactive exhibits/events to discourage congregating and reduce contact with high-touch surfaces.

Outdoor queue lines should follow physical distancing guidelines, allowing for six feet of separation between persons who are not members of the same household. Demonstrate on floor plan.

Create a guest flow plan of modified queue lines to and within the facility. Determine areas likely to become bottlenecks or pinch points and adjust guest flow accordingly. This is required for approval.

Install visible markers for queue lines that separate people by six feet of physical distance. Sample markers are available in the VDH Business Toolkit. Provide a copy of what you plan to use.

Entertainment & Public Amusement Requirements

Create and display physical distancing communication tools, including static signs, kiosks, audio announcements, or video announcements. Signage should include the requirement to wear face coverings at all times and to maintain six feet of physical distance between people who do not reside in the same household. Sample signage is available in the VDH Business Toolkit. Provide a copy of each.

Reconfigure seating areas to allow six feet of physical distance between individuals by eliminating and closing select tables or seating areas, or by spreading them out to allow for adequate spacing.

Ensure facility exits are configured to reduce the occurrence of bottlenecks and large gatherings. Demonstrate on floor plan.

Where possible, install sneeze guards in front of commonly used point-of-sale or guest service stations.

On site retail, recreation and fitness, cabins, and food establishments must follow as identified by the executive order. Each has its own restrictions.

Employees working in customer-facing areas are required to wear face coverings over their nose and mouth, such as using CDC Use of Cloth Face Coverings guidance. This is a requirement.

Provide hand washing or sanitizing stations for guests and employees. Required and show on floor plan.
